**Special #26** Scott #264. Collection of 69 plate number strips/3. All are hinged on stock card paper. I noticed two copies with small facial scrapes. There is some light wrinkling on a few copies. Most copies are Fine or F-VF centering. There are 2 copies with Type II imprint, 39 copies with Type IV, and 28 copies with Type V imprint. Most plate numbers are present, but not all. Some plate numbers are duplicated – but with different positions per piece (top, bottom, left, or right). It would be difficult to assemble this diverse set today. \$1000

**Duck Stamps** I rarely get Duck stamps in the collections I buy. However, three recent collections all had a good amount of federal Duck stamps. I do not get much call for Duck stamps, so I have never tried to stock them. Listed here are mint Duck stamps. Hinging is noted as appropriate, otherwise the stamps are MNH. Many of the earlier issues are hinged or without gum. Later issues are mostly MNH. A few of these copies have faults which are also mentioned.
